The Times would like to see a Mound strong democratic club organized in every township in the county.

The democrats are determined to remain harmonious this year, nominate a good strong ticket with as little fighting within the party as possible, and present an impregnable front to the enemy this fall.

Hon. Thos. J. Smith attended a meeting of the congressional committee at Clinton on last Friday. The committee organized by electing Mr. Smith permanent chairman and Mason Talbott, of Dade county, secretary. The date for the congressional convention was fixed for June 30th at Clinton. The basis of representation as agreed on was one delegate for every 250 and fraction of 125 votes cast for Cleveland in 1888. This gives Bates county fourteen delegates to the convention.

The republicans combined with the union labor last fall and let the latter take all the offices. It was un derstood that the republicans were to have a few deputies, but the U. Ls were so hungry and had so many open mouths to fill that even these crumbs could not be spared, so they hogged it all, made a clean sweep This time the republicans will be wise and claim their share of the chicken pie. Whether or not they will stand a square divy remains to be seen.

> Jefferson City Tribune, May 21.-A little over one third of the counties in the state have selected delegates to the Jefferson City democratic convention. Out of this number Mr. Stone is undoubtedly in the lead for governor. Many of the uninstructed delegates are known to favor him first, last and all the time. The others have just about what their instructions call for. The campaign is waxing hot and within a few weeks all the delegates will be selected, but as many will be uninstructed, the contest will naturally come before the convention in such a shape as to give the friends of at least die game, but he admitted that least three of the candidates some he now saw but little chance to pre hopes of success. > Paris, May 19 .- Dumas' renowned "Three Guardsmen" are completely eclipsed by a French swordsman, who made a record on the field of honor yesterday morning that had never been excelled in the history of dueling. Four men wounded, two seriously, all by one sturdy swordsman, in the short space of half an hour, is the remarkable record.

The quarrel arose out of a dispute concerning the merits of the new opera "Salambo." M. Roules criticised the piece rather severely during Monday evening in the hearing of MM. Leclerc, Damoulin and Blondel and an altercation took place, ending in blows and challenges.

At 9 o'clock yesterday morning the antagonists and their seconds went to a spot behind the stand of the Longchamps race course.

The first duel was fought by M. Roules and M. Blondel, who, after a few passes, received a wound in the right breast three inches deep and was carried off the field.

M. Dumoulin then faced M. Roules who at the first thrust ran his rapier throught the arm of his opponent burying the steel in his breast.

The third combat was more prolong d, but after a struggle of fif- many encellent qualities commend it teen minutes M. Leclerc was driven against a tree and received a wound

Washington, D. C., May 20 .- Gen eral Tracy, a warm supporter of Mr. Cleveland, has tabulated the returns yet to be selected. On the basis of his totals and his speculations as to the action of the states yet to be heard from, he declares with much emphasis that the expresident will receive the nomination wrobably on the second ballot. Of the convenventions already held be gives Cleveland 415 and the uninstructed or states have not declared their prefer them into 96 ballots for Cleveland and 209 uninstructed or anti-Cleve land ballots. According to General Tracy's calculation Mr. Cleveland in Bates county, Missouri, to-wit: cure the nomination. With this showing of the first ballot, he believes those wavering in the unin structed column will come over.

General Tracy concedes to the opposition which includes the number of delegates instructed for Boies, Gray, Carlisle and Hill, only 394 cash, to satisty said execution and costs votes. This also includes the possibility of divided delegations in New Jersey, Tennessee and Texas, all of which he believes will vote as a unit for Cleveland.

The news from the Georgia demo cratic state convention was a complete surprise to the Hill men and at first they could not believe that a Cleveland victory in that state was possible. Senator Hill sat up with a party of friends until late Wednes day night to hear the latest news. Hill took the news in a very uncon sweeping over the country," he is said to have said to Bourke Cockran
